So They Say, Nuclear sunrise

His shadows the blanket that couldn't keep you warm if it tried

So would you like to take a ride

On the last free standing thought in my mind

And I hope it won't get old

I highly recommend you bring an end to what your feeling inside You don't scare me

I'm wide eyed mouth dried in a nuclear sunrise

Stay here and burn with me under the sun

Lay me here underneath the California sun

Theres a sea of children playing in the streets with no friends So heres to the faithless, get off you ass and start a revolution

You don't scare me

I'm wide eyed mouth died in a nuclear sunrise

Stay here and burn with me under the sun

Lay me here underneath the California sun

I will die here (the sun)

And without fear (the sun)

I hold everything (the sun)

Laying here under the sun (under the sun)

I'm wide eyed mouth dried in a nuclear sunrise

Stay here and burn with me under the sun

Theres a sea of children playing in the streets with no friends

So get off you ass and start a revolution
