

So They Say, Save Yourself

[Dialogue]

[Female Voice:] What the hell are dreams anyways?

[Male Voice:] Mysteries, incredible body hocus-pocus

Truth is, we still don't know what they are
or where they come from?

I know why I asked you to remember what they said to us

'Cause when I try to run I just shake

I just shake

Don't replace my words with softly spoken phrases

To cover my bruises and cuts

Bruises and cuts

[Chorus x2]

But as soon as I get out of this place

I'll do my best to keep you safe

But if I don't make it out

Please read this and save yourself

I can't catch my breath for long enough to stand up to fight

In a sense we all die

We all die

Everyone's a victim and I am the suspect

The verdict is in and it's all my fault

[Chorus x5]

But as soon as I get out of this place

I'll do my best to keep you safe

But if I don't make it out

Please read this and save yourself
