

Soccx, Without Eye Contact

Without Eye Contact

Verse1:

Goin out my girls and I, all dressed up to the nines
We're gonna shake our tails, like you want it
Come on turn it up just right, I feel like gettin tight
So why not leave the lights down low

PreChorus:

A fraction of attraction, is all i need
I move in your direction, you make me feel like
Making a connection, lets do it my way
I tell ya how I like it

Chorus:

Oh yeah, i want ya breathin down my neck
I wanna do it front to back, without eyecontact
Oh Yeah, Bring out the crystal make it pop
I wanna take it from the top, without eyecontact

Verse2:

Be my shadow, stick like glue, so I can lean on you
Pretend that you're my rock, and I'm on it
Now whisper in my ear, the things I wanna hear
Why not do it in slow-mo

PreChorus:

A fraction of attraction, is all i need
I move in your direction, you make me feel like
Making a connection, lets do it my way
I tell ya how I like it

Chorus:

Oh yeah, i want ya breathin down my neck
I wanna do it front to back, without eyecontact
Oh Yeah, Bring out the crystal make it pop
I wanna take it from the top, without eyecontact

Mid8:

You better watch my back
(behind me) is where I want ya at
You better watch my back
(Oh baby, behind me) is where I want ya at
(I wanna do it front to back, without eyecontact)
(I wanna take it from the top, without eyecontact)

Chorus x2:

Oh yeah, i want ya breathin down my neck
I wanna do it front to back, without eyecontact
Oh Yeah, Bring out the crystal make it pop
I wanna take it from the top, without eyecontact
