

Social Code, As Good As It Gets

Breaking the ice was easy
Getting inside was simple
I couldn't see how this would ever go bad
Once the flesh wore off
All your words mean't nothing
I think your too far gone
And won't come back

It's like I'm stuck in a B movie with you
With a cliché ending
That came true

(Chorus)
Head first I threw myself in
I took a chance
And now I'm wondering
Is this as good as it gets? (All for nothing)
Lock stock and barrel I'm in
I took a chance
And now I'm thinking
Is this as good as it gets? (All for nothing)

I wanna believe
I don't know

All my friends they warned me
And my mom she told me
Before you jump in head first
Just make sure
After all we've been through
You took more than I could give you
Wish that we could go back
To the way it was before

It's like I'm stuck in a B movie with you
With a cliché ending
That came true

(Chorus)
Head first I threw myself in
I took a chance
And now I'm wondering
Is this as good as it gets? (All for nothing)
Lock stock and barrel I'm in
I took a chance
And now I'm thinking
Is this as good as it gets? (All for nothing)

I wanna believe
I don't know
Look at me now
Look at me now
Look at me

(Chorus)
Head first I threw myself in
I took a chance
And now I'm wondering
Is this as good as it gets? (All for nothing)
Lock stock and barrel I'm in
I took a chance
And now I'm thinking
Is this as good as it gets? (All for nothing)
Is this as good as it gets? (All for nothing)

Is this as good as it gets?
