

# Social Distortion, Hour Of Darkness

An hour of anger an hour of love,  
This hour of confusion as I look above.  
Death life as I've never seen before,  
One more trip like that I'm in the mental ward

[Chorus:]

These sights sounds are all around me,  
They grasp and they don't let go.  
The sirens, the cries, the laughter the sighs,  
I hear thee hour- My Hour of Darkness  
An hour of darkness, an hour that's passed,  
This life I feel just won't be surpassed.

Death life as I've never seen before,  
One more trip like that I'm in the morgue.

[Chorus]
