

# Social Distortion, I'm In Love With My Car

I ain't got a girl  
I ain't got many friends  
gonna drive that car of mine  
to the very end  
my baby likes to run  
run as fast as she can  
and when I'm in her  
I feel like a man

I'm in love with my car  
I'm in love with my car  
I'm in love with my car  
I'm in love with my car

got a V8 motor  
listen to her purr  
and when I put my pedal down  
my whole world's a blur  
cruisin' down the highway  
my lead sled's mean and low  
the police behind me  
I ain't ready to go

I'm in love with my car  
I'm in love with my car  
I'm in love with my car  
I'm in love with my car  
I'm in love with my.....car

got a' twin carburetors  
I got dual exhausts  
and it don't matter baby  
if we get lost  
make love to me girl  
in my back seat  
the radio's a playin' something  
slow and sweet

I'm in love with my car  
I'm in love with my car  
I'm in love with my car  
I'm in love with my car  
I'm in love with my.....car

I'm in love I'm in love I'm in love I'm in love with my car  
I'm in love I'm in love I'm in love I'm in love with my car
