

# Social Distortion, Lude Boy

I'm on the 714, cause I got a brand new jar,  
Lemons put some light in my life, keep me happy through the night

I'm a lude boy, I don't care if I ever get home.

Getting ready to jump on the train, give me more to rack my brain.  
Sudden alteration in my point of view, tables turn when I got the ludes.

I'm a lude boy, I don't care if I ever get home.
