

Social Distortion, So Far Away

I've sung the blues,
For every broken hearted lovesick dream for you.
I've paid my dues,
Working hard-sweat, blood and tears for you.

[Chorus:]
So far away, So far away, So far away! [x2]

I've had it all,
And lost it all in one blackout summer night.
I want it back,
But I just can't seem to get it right.

[Chorus]

I've sung the blues,
For every broken hearted lovesick dream for you.
I've paid my dues,
Working hard-sweat, blood and tears for you.

[Chorus]
