

Socratic, Switzerland

Tonight I took the long way home
I walked around this world just to see
when I got home if I could fall asleep
am I suppose to feel like this
I'm falling through my fingertips another day,
another day fades away

Chorus:

we want an ocean
we'll drown ourselves in it
slowly the air disappears
I never thought that drowning
could feel so good

summer night are feeling so far
this night seems so full
this night seems so familiar
but it's true
its been five months straight
it felt so far away

chorus

I'm on the edge now
I'm looking down on things
when I land they'll kill me
I'll smile I think I will
the ground will be all lovely

chorus
