

Sodom, Sepulchral Voice

Dark deathknell call you to the throat of the
glowing hell lights of exist become extinet
and you read the epitaph of your grave

You are the chosen messenger of hell
Come execute your instruction with spell
You got magic power to all
in league with Satan for holy ghosts fall

Love to drink the blood of the slut
adore the bestial rite
eat the virgins heart warm and sweet
destroy the unborn holy meat

The Sepulchural Voice
mysterious groans torment your mind
the shadow of evil make you blind
a funeral song out of the burial place
damned you to hell from the human race
