

SOFI TUKKER, Spiral

I see you trying to salvage
What's nothing more than a habit
That we've both been calling love
That just isn't enough
I tried so hard to convince me
Convince myself I'm happy
I'm not who I thought I was
And that just isn't your fault
Baby let's face it
We can't save it
It's too late to fake a smile
You're in denial
But we're going down, down, down
So baby, rephrase it
Nothing's wasted
But there isn't gonna be a revival
You're in denial
But we're going down, down
Down in a spiral
I didn't wanna believe it, believe it
Believe what my gut was screaming
Let's just go our separate ways
Don't have that look on your face
You don't have to be sorry
You know it's already hard enough
So I don't wanna wait
It's already too late
Baby let's face it
We can't save it
It's too late to fake a smile
You're in denial
But we're going down, down, down
La la la da da da da da da da
La la la da da da da da da da da
Da da da da da da
Da da da da da da da
