

Sofie, I Hate You Mom

hey!

i've been thinking out this days
i just wanna runaway
you give me pain in the ass
forget about the past
don't say sorry because
don't turn me
unshake me

you meant nothing to me
you can't even see
how much i hate you
i hate you mom
where are you from
i hate you mom
i hate you
i hate you
way too much

say!

i've been figuring out this days
wanna kiss my foot than run far away
you give me headache
you can't have any miracle in my life
you have a big mouth
ugly when you don't and pout
freaking me away
i don't need you anyway

you meant nothing to me
you can't even see
how much i hate you
i hate you mom
where are you from
i hate you mom
i hate you
i hate you
way too much
you meant nothing to me
you can't even see
how much i hate you
i hate you mom
where are you from
i hate you mom
i hate you
i hate you
way too much

[spoken]

Hey, mom are you home?
I ran away because I hate you
I don't know what to do there
I hate you more than dying in this life

no sorries
not worry
just happy that i'm further away from you
happy happy happy
YEA

(guitar solo)

you meant nothing to me
you can't even see

how much i hate you
i hate you mom
where are you from
i hate you mom
i hate you
i hate you
way too much
you meant nothing to me
you can't even see
how much i hate you
i hate you mom
where are you from
i hate you mom
i hate you
i hate you
way too much
you meant nothing to me
you can't even see
how much i hate you
i hate you mom
where are you from
i hate you mom
i hate you
i hate you
way too much
