

Sofie, Stupid Lovers

he wants her
she wants him too
nasty nasty not coming true
they call me pain in the ass
but they should pass it out their gas
they call me nasty girl
but i never stepped into this world
who are you
what makes you think that i can't fit in with what you do

they gave each other flowers
they would kiss up the towers
they'd rather kiss naked in the shower
whatta stupid lovers they are

she needs him
he needs her too
they don't know what to do
but damaged down with truth
they come up, he never tell
they both fell from hell

they gave each other flowers
they would kiss up the towers
they'd rather kiss naked in the shower
whatta stupid lovers they are
they gave each other flowers
they would kiss up the towers
they'd rather kiss naked in the shower
whatta stupid lovers they are

[spoken]
I'm not jealous of you and you
but you guys don't even know what to do
what's wrong with this love
thinking like two doves
but you can't make me stop from bugging you

they kept on staring at me
wondering if this girl i used to be
is not a liar country
but set the jealousy free

(guitar solo)

they gave each other flowers
they would kiss up the towers
they'd rather kiss naked in the shower
whatta stupid lovers they are
they gave each other flowers
they would kiss up the towers
they'd rather kiss naked in the shower
whatta stupid lovers they are

they would kiss up the towers
they'd rather kiss naked in the shower
