

# Soft Boys, Only The Stones Remain

Men were executed, women bled  
Meat and fish changed hands and children stayed up late  
Uh, huh  
Coloured drums they ?displace? the night  
There's a taxidemist looking for a fight  
But now he's gone, oh yeah  
Only the stones remain  
Girls were decked with flowers and violated ?while?  
Boys spat juice from a, out of their fresh young ?bones?  
Soldiers crossed their hearts and died \_\_\_\_\_ pretty girls turned cold inside  
But now they're gone, oh yeah  
Only the stones remain  
Oh they're gone, yeah  
Only the stones remain  
And the stones have forgotten them  
The stones have forgotten them  
They brake your body and drain the life out of it  
It sinks into the soil while the soul flies up into the air above  
and when there's no more tears to cry  
There's nothing left to do but laugh  
State led collabarations collapse and cannibis evaporates, honey  
Only the stones remain  
(Here they going)  
Oh yeah, only the stones remain  
Woah  
Now they're gone, oh yeah  
Only the stones remain  
Oh yeah, only the stones remain
