

Soft Boys, Where Are The Prawns?

Baby doll, you know your hair shines like like ink when you're not here
You left before I got here, so how do you know I'm late?
You better tell me when you gonna be on the menu

Where are the prawns?

Down by the sea

Where are the prawns?

Down by the sea

Where are the prawns?

Cookie pie, the waters rise above your legs beneath your eyes

Already the clouds are drowning and even the stars are damp

I'll be awake and dreaming all of us could go screaming

Where are the prawns?

Down by the sea

Where are the prawns?

Down by the sea

Sea - Sea - Sea - Sea - Sea - Sea - Sea
