

# Soft Cell, Le Grand Guignol

Would you like to taste a little pain  
From the fickle hand of fame  
Aren't you happy that the road to success  
Is littered with drugs and sex  
It's all here for your delectation  
In compromising situations  
Let fallen heroes entertain you  
Take a look  
Nobody's gonna blame you

Say hello, le Grand Guignol  
Say hello, le Grand Guignol  
Say hello, to the broken people  
The broken people

Snake dancers, sex changer  
Come inside  
It gets stranger and stranger  
Got a lot of unpleasant surprises  
Cruelty comes in all shapes and sizes

Say hello, le Grand Guignol  
Say hello, le Grand Guignol  
Say hello, to the broken people  
The broken people  
Say hello, le Grand Guignol  
Say hello, le Grand Guignol  
Say hello, to the broken people  
The broken people

It's Grand Guignol  
It's rock 'n' roll  
It's vaudeville and burlesque  
All of human life is here  
In the theatre of the grotesque

The city has turned upside down  
The circus lion is eating the clown  
We're all delivered to the poison pens  
And sacrificed to the pig with the lens

Say hello, le Grand Guignol  
Say hello, le Grand Guignol  
Say hello, to the broken people  
The broken people  
Say hello, le Grand Guignol  
Say hello, le Grand Guignol  
Say hello, to the broken people  
The broken people

It's Grand Guignol  
It's rock 'n' roll  
It's vaudeville and burlesque  
All of human life is here  
In the theatre of the grotesque
