Soft Cell, Sex Dwarf

Isn't it nice, sugar and spice

Luring disco dollies to a life of vice

I can make a film and make you my star

You'll be a natural the way you are

I would like you on a long black leash

I will parade you down the high streets

You've got the attraction

You've got the pulling power

Walk my doggie, walk my little sex dwarf

We can make a scene we'll be a team

Making the headlines sounds like a dream

When we hit the floor you just watch them move aside

We will take them for a ride of rides

They all love your miniature ways

You know what they say about small boys

Sex Dwarf

I'm a Rolls Royce, look its so huge!

It's big and it's gold

With my dumb chaufer

Looking to procure, run little doggie

Lure a disco dolly

Run my little sex dwarf, I feel so lonely

Get my little camera, take a pretty picture

Sex dwarf, in a gold Rolls, making it with the dumb chaufer

Isn't it nice, sugar and spice

Luring disco dollies to a life of vice

Sex Dwarf

Isn't it nice

Luring disco dollies to a life of vice

Sex Dwarf...

We can make an outfit for my little Sex Dwarf

To match the gold Rolls on my dumb chaufer

We'll all look so good, we'll knock 'em cold

Knocking 'em cold in black and gold

We can have playtime in my little playroom

Disco Dollies, my Sex Dwarf and my dumb chaufer

I would like you on a long black leash

You can bring me all the things I need

Sex Dwarf

Isn't it nice

Luring disco dollies to a life of vice
