

Soilwork, Generation Speedkill

Maximize my pleasure maximize my pain
Til a ben heaven send in this downward spiral with no end
Angelface filled with sin i will lick it clean. Fixate my eyes to the tv scream

Treasurize this entertainment now!
By public demand we work for this pleasure.

Mesmerize my god mesmerize my blood
From his mind to his spine we will make him doubt about his might!

Treasurize this entertainment now!
This is where we stand until we fall

(Chorus)
Generation speedkill operation seedspill (x2)

Brutalize my lifetime brutalize my thoughts
In a trance, last dance for mr. moralize

(Chorus)

On this open road of no regrets
Born on a plate, food for velvet lies

(Repeat First Verse)

Sterilize this moment of truth that we stand for!
This is where we stand until we fall!
Treasurize this entertainment now!
This is where we stand until we fall!

(Repeat Chorus)
