## Soilwork, One With The Flies

Now I'm one with the flies Rising up as the creature cries Sucking up, breathing stops for the very last time!

Can you see it, can you reach it, as it climbs to the top of your spine
Such a healer, can't believe it
I'm left so far behind
Born to please, to release
Wide open and undefined
Crashing down in a velvet hall
Side by side
Narcotic - injected, erotic - respected
It suits your kind, cause you're one with the flies
Can you feel it, can you cease it
As it crawls to the top of your spine
Such a healer, self redeemer
I keep thinking that it seems like it's not fair

(Reach out) And choke with me, reach out cause it's killing me
Down! Bring down this sheer submission
Down! You know you have to bring it
Down! Deranged from a mind pollution
Down! Pitch black but unrefined

Such a healer, can't believe it I keep thinking that it seems like it's not fair

(Reach out) And choke with me, reach out cause it's killing me
Down! Bring down this sheer submission
Down! You know you have to bring it
Down! Deranged from a mind pollution
Down!

Deceiver, believer - don't need you tonight You've spilled enough blood, you've wasted my life

You know you have to bring it Down! Bring down this sheer submission Down! You know you have to bring it Down! Deranged from a mind pollution Down! And screw that common sense Down! Fight back those limitations Down! And screw that common sense!
