

# Soilwork, Steelbath Suicide

(a dedication to the metalgods of the 80's)  
In the night when you feel those electric desires  
neverending noise from chains  
and the world is on fire!  
right!

Steelbath suicide  
enter the other side  
steelbath suicide  
on wheels of steel we'll ride

Sleeping tight as the lead is pounding in the air  
leave this world only metal is fair!  
right!

Steelbath suicide  
enter the other side  
steelbath suicide  
on wheels of steel we'll ride

Steelbath suicide  
enter the other side  
steelbath suicide  
on wheels of steel we'll ride
