

# SoKo, Lovetrap (Feat. Ariel Pink)

[?] assassin  
Blew a hole in my chest  
And she left me dead alive  
I'm at her mercy  
I beg her for pity  
But she kills me with a smile

Be my girlfriend  
Be my best friend  
Be my everything  
Don't leave my side  
Don't make me cry  
Just be my merman  
I wanna be your mermaid

Absolutely lost in the world  
But it's too hard to figure out  
I'm completely lost and I worry  
That it's too late to find my way out  
I wanna find my way out

Love trap  
Stuck in a dooms day  
And heaven  
Is too hard to reach  
So I wander  
Standing in place  
While I'm dreaming of my own pre-cambrian age  
/2X

Ariel: Soko, kiss me  
Soko: No chance, no romance  
Ariel: Why you gotta hurt me like that?  
Soko: Just give me time, to think, I just need my space  
Ariel: Space from me? Come here...  
Soko: Ariel stop it, don't put pressure on me!  
Ariel: Just give me one more chance  
Soko: But last chance  
Ariel: For love?  
Soko: Yes, for love

A mermaid man not half a man  
She dilapidates my soul  
She bursts my heart with her laser eyes  
I'm cut in half when she's not around

Be my girlfriend  
Be my best friend  
Be my one night fling  
Don't leave my side  
Don't make me cry  
Just be my mermaid  
Be my mermaid

Absolutely lost in the world  
But it's too hard to figure out  
I'm completely lost and I worry  
That it's too late to find my way out  
I wanna find my way out

Love trap  
Stuck in a dooms day  
And heaven  
Is too hard to reach

So I wander  
Standing in place  
While I'm dreaming of my own pre-cambrian age
