

# SoKo, Take My Heart

You can take my heart for a walk on the beach  
You can take my heart for a little trip  
You can take my heart very close to your heart  
You can take my heart forever if you like

But not every heart belongs to any other  
You and I  
You and I are meant to be  
I'm the one for you, You're the one for me  
You love me as much as I do  
When you look at me and we're skin to skin  
I want you so  
Please come in  
And you love me more and more  
And my love grows up with you  
And you kiss me more and more  
And I kiss you, too  
And I kiss you, too

If I take your heart, I will cherish it every day  
If I take your heart, I will heal these old wounds  
If I take your heart, it's to make it happy  
If I take your heart, it's forever close to mine

But not every heart belongs to any other  
You and I  
You and I are meant to be  
I'm the one for you, You're the one for me  
You love me as much as I do  
When you look at me and we're skin to skin  
I want you so  
Please come in  
And you love me more and more  
And my love grows up with you  
And you kiss me more and more  
And I kiss you, too  
And I kiss you, too

(violin solo!)

I don't care, I don't care  
If I'm again carried away  
If you swear, if you swear  
To give me your heart in return  
To give me your heart in return

I don't care, I don't care  
If I'm again carried away  
If you swear, if you swear  
To give me your heart in return  
To give me your heart in return
