

# Solange, Ain't No Way

Boy I know that you feeling things  
Calling me constantly  
Talkin' about you and me  
Even so you never told me  
That I was the only one  
So I did my thang

B-Sect  
See me hanging with my girlies  
Holla at the fellas maybe  
But you can't be mad at me

Chorus  
(So there) ain't no need to trip, no  
Cause I ain't ever been your girlfriend  
Don't be all up on me  
Baby, no way  
Gonna do my own thang  
Putting that on everything  
Don't play me like your girlfriend  
Baby, no way

Did you think I would've waited around  
That's not I get down  
Someone should've told you  
Even though you haven't been around  
Someone has made me smile  
And it feels so good

B-Sect

Chorus

Don't you act like you know me  
Don't you try to control me  
Baby there ain't no way I'm going for that  
If you can chill, you can call me  
But for now stay up off me  
Baby there ain't no way I'm going for that
