

Solange, CRANES IN THE SKY

I tried to drink it away
I tried to put one in the air
I tried to dance it away
I tried to change it with my hair

I ran my credit card bill up
Thought a new dress make it better
I tried to work it away
But that just made me even sadder

I tried to keep myself busy
I ran around circles
Think I made myself dizzy
I slept it away, I sexed it away
I read it away

Away /10x

Well it's like cranes in the sky
Sometimes I don't wanna feel those metal clouds
It's like cranes in the sky
Sometimes I don't wanna feel those metal clouds

I tried to run it away
Thought then my head be feeling clearer
I traveled 70 states
Thought moving around would make me feel better
I tried to let go my lover
Thought if I was alone then maybe I could recover
To write it away or cry it away
Don't you cry, baby
Away

Away /10x

But, it's like cranes in the sky
Sometimes I don't wanna feel those metal clouds
It's like cranes in the sky
Sometimes I don't wanna feel those metal clouds

Away /10x
