Solange, CRANES IN THE SKY

I tried to drink it away I tried to put one in the air I tried to dance it away I tried to change it with my hair

I ran my credit card bill up Thought a new dress make it better I tried to work it away But that just made me even sadder

I tried to keep myself busy I ran around circles Think I made myself dizzy I slept it away, I sexed it away I read it away

Away /10x

Well it's like cranes in the sky Sometimes I don't wanna feel those metal clouds It's like cranes in the sky Sometimes I don't wanna feel those metal clouds

I tried to run it away Thought then my head be feeling clearer I traveled 70 states Thought moving around would make me feel better I tried to let go my lover Thought if I was alone then maybe I could recover To write it away or cry it away Don't you cry, baby Away

Away /10x

But, it's like cranes in the sky Sometimes I don't wanna feel those metal clouds It's like cranes in the sky Sometimes I don't wanna feel those metal clouds

Away /10x
