I'm startin' my own style and I'm takin' it to the  
street, street

I hate seein' people rock the same style  
At the time, they think that it is fly  
Oh, yo', you really need to know, yeah, your looks  
need to be solo  
You'll never catch me with something up in your whoa,  
whoa

(I'm solo) Yeah, I gotta do my own thing  
(Solo) Y'all may not understand me  
(Solo) 'Cause I dance to a different drum  
And y'all really don't want none, come on

S-O-L-O S-T-A-R, that's how I roll

From my hair to my socks, down to my cell phone  
I rock it solo, and there's things y'all don't know  
So look like twins in Versace, BC, BG, Gucci, Bebe  
Yeah, I like it but don't bite it 'cause y'all wearin'  
it ain't for me

(I'm solo) Yeah, I gotta do my own thing  
(Solo) Y'all may not understand me  
(Solo) 'Cause I dance to a different drum
