

Solar Dawn, Deicidal Beliefs

Nocturnal admission into
A scarlet alliance
Extending all through
Slaves to the well of animation
Found sameness - co-retalation

(Chorus:)
Edges divine
Blade of redemption
Strengthening wine
Soulalternation

Craving for the chalice of life
Metamorphosis
Into one with the night!

Dark are the pathways to bliss
Never-dying needs of rapture
Lost in a maze of the self
Never-ending search for certainty

Slaves to the well of animation
Found sameness - coretaliation

(Repeat Chorus)
