

# Solar Dawn, Deicidal Beliefs

Nocturnal admission into  
A scarlet alliance  
Extending all through  
Slaves to the well of animation  
Found sameness - co-retalation

(Chorus:)  
Edges divine  
Blade of redemption  
Strengthening wine  
Soulalternation

Craving for the chalice of life  
Metamorphosis  
Into one with the night!

Dark are the pathways to bliss  
Never-dying needs of rapture  
Lost in a maze of the self  
Never-ending search for certainty

Slaves to the well of animation  
Found sameness - coretaliation

(Repeat Chorus)
