Solar Dawn, Deicidal Beliefs

Nocturnal admission into A scarlet alliance Extanding all through Slaves to the well of animation Found sameness - co-retalation

(Chorus:)
Edges divine
Blade of redemption
Strengthening wine
Soulalternation

Craving for the chalice of life Metamorphosis Into one with the night!

Dark are the pathways to bliss Never-dying needs of rapture Lost in a maze of the self Never-ending search for certainity

Slaves to the well of animation Found sameness - coretaliation

(Repeat Chorus)
