

# Solar Twins, Better Life

Ahhahahahahahhhhhahahahhhhhh  
[Robot like voice]

I dont want to struggle  
I dont want to ?paint??  
I just want to know a better life before I die  
I dont know how  
I dont know where  
I wish I had an answer worth a dime  
I just want to know a better life while there?s still Time

Lifes to short -  
I dont have time -  
I?ve got to make decisions I must make  
Summer is almost gone  
and Fall is much to hard to fake?  
to fake?

Looking through a window I see seasons pass me by  
Looking through a window I see seasons pass me by

[Robot Voice]

I want to laugh  
I want to play  
I want to watch the sunset in the sky  
I just want to know a better life before I die  
Lifes to short  
I dont have time  
I got to make decisions I must make  
Summers almost gone  
and winters much to hard to take?  
to take??.

Looking through a window I see seasons pass me by  
Looking through a window as the seasons pass me by

Looking through a window as the seasons pass me by  
I just want to know a better life before I die

I want to laugh  
I want to play  
I want to watch the sunset in the sky  
I dont want to sit here as the seasons pass me by

I dont know how  
I dont know where  
I wish I had an answer worth a dime  
I just want to know a better life while there?s still time
