

Soldiers Of Allah, Staring Into Kafirs Eyes

<Who do you fear?

Allah or the Kafir?

Why do you want to be like the kafir when you have the haq (truth) in your hand?

Didn't the SAHABAS look into the kafir's eyes and say:

La - Ilaha - Ilallah Mohammedun Rasul-lu-Ilah

How many more

of our sister do they have to rape!

How many more

of our brothers must they slaughter by hate!

Don't you know we have suffered too long without an Islamic State!

How much more can you take?

NO MORE WAIT!!!

Tell us to give up Islam and wait for Jesus

Celebrate Christmas when it's in season

Giving us fake leaders and fake reasons

Divided our people by flags when they meet us

They want us to pledge to their allegiance

Pushing us towards treason

They've broke our Ummah into shattered pieces

Chasing our oil like cheetah

Raping our resources

And then they leave us

Muslims hibernating

Concentrating on not shaving

While kafirs have been invading

Killing and raping

We have no time to be waiting

Reestablish Islam and stop faking

Listen to my Ummah's cries

I'm tired of kafir's lies

No I won't compromise

Staring into the enemies eyes

We will never fear you Kafir!

Allah is on our side

I am tired of Kafirs ruling us

Taking over our land,

Taking our resources,

Killing our brothers

& Raping our sisters

OH MUSLIM UMMAH!!!

Let us unite

Implement Islam

We won't compromise this Deen

We are the best nation ever risen for mankind!!

Trying to destroy Islam

Because they hate us

Muslim racist

But they can't fade us

Throwing us in cages

But they can't cage us

Qu'ranic revelations on pages

Spreading of the haqq

Even though these prison cages

Standing together like a pack

Struggling through life's tough test stages

They can't destroy Islam

Islam is contagious

Muslims...

From Indonesia to melesia

Too many Muslims to contain us
Instead they take away our Islamic laws
So they can in-slave us!...in-chain us!

Break our bones!
Our bones will heal!
Cut our skin!
Our wounds will seal!

Put a gun against our head!
Threaten us to death
No fear !!
No Pain do we feel
Prophet (saaw) is the seal
Only to Allah do we kneel
Our Iman hard like steel
Cuz we know Islam is for real!!

We fear Allah and only Allah
Let us be the generation who puts Islam back on the map
We will never compromise Islam
Islam will rule the world
And even if all the Kafirs would fight against it
They will never succeed
Allah is on the believer's side
Victory comes from Allah

You see
You love life
The way we love death
You better put us in our graves
While you still got time left
Cuz when we rebuild our state
We are going to legislate and regulate
Kick out these false leaders cuz they're fake
Laughing & grinning while they watch our sisters being raped
From Turkey to Afghanistan
From Palestine to Iran
Implement Islamic laws
Take a stand!!
Its Allah's demand
Implement global Jihad!!
Take back our Muslim lands!!!
Run Islam like it's suppose to be ran!!
Don't think we are going to forget about your lies
When you raped our sisters
Slaughtering our brothers as we watched them die
And this time when we're on the battlefield
We are going to be on opposite sides
We're not going to think twice
Before we take your life!!!!
Kafir!!!
You're a loser!
In this life.and in the hereafter.>
