

Soldiers Of Allah, They Can't Stop Islam !!!

<This song is for all those sisters who wear hijab
Even though people make fun of them
This song is for all those brothers who stand strong
Even if it means that they are left alone

This song is for all those who don't compromise Islam
Because they know Islam is the truth
No matter what happens, We will never give up
Brothers and sisters the rival of Islam is up to us

If there was a war
which side would you be on?
The army of Allah
or The army of shaiton

they can't stop Islam
they drop bomb after bomb
watching our people bleed
trying to scare us OUT of this Deen

when the smokes clears
we will still be on the scene
we, Muslims, we'll never give up
Ameen, Ameen

If you follow Islam
Then they can't stop it
WaAllahe
Victory is promised

They----can?t----stop----Islam
They try to break us up
But they can?t break this bond
They----can?t----stop----Islam
They try to take us down
But our Deen is too strong
They----can?t----stop----Islam
Victory is promised
From Allah
They----can?t----stop----Islam
We?ll keep coming back
Singing this song

trying to fool the people
what Islam is really about
leaving their own people
confused & in doubt

Twisting the corrupted media
so they can control the public opinion
While western groups
put their troops
on what was once
the Muslim dominion
on what was once
the Muslim dominion.

They pass laws
To put Muslims behind bars
Without evidence (*without what?*)
Without cause

They stand united
To make sure Muslims are divided
We-are-Muslims
we won't hide it or deny it

They----can?t----stop----Islam
1. They try to break us
But they can?t break this bond
They----can?t----stop----Islam
They try to take us down
But our Deen is too strong
They----can?t----stop----Islam
Victory is promised
From Allah
They----can?t----stop----Islam
We?ll keep coming back
Singing this song

when we hear the falsehood
we fight it with the truth
Islam did not spread by democracy
It spread by the youth

those who CAN?T accept the truth
yeah, they hate it
they can?t stop Islam (**why?**)
cuz Islam is contagious

Those sisters who are strong
Will NEVER take off their Hijab
cuz they don?t wear it for the people
they wear it for Allah

we won?t die for these kafirs
we won?t fight for their cause
all the freedoms are false
we fight and die ONLY for Allah

They----can?t----stop----Islam
They try to break us up
But they can?t break this bond
They----can?t----stop----Islam
They try to take us down
But our Deen is too strong
They----can?t----stop----Islam
Victory is promised
From Allah
They----can?t----stop----Islam
We?ll keep coming back
Singing this song

A billion Muslims
Are a billion weak
When we sell Islam cheap
And carry it incomplete

can?t stand the site
of watching my brothers bleed
this is what happens
when we let the kaffirs lead

the bloodshed of an innocent Muslim
means more to Allah than the Kaba
and InshAllah if we follow the straight path
they can?t stop us

let us rise up
for the rival of Islam
like we rise up
for fajr at dawn

they're going to keep dropping bombs
they're going to keep on the attack
until we Muslims unite
and bring Islam back

They----can?t----stop----Islam
They try to break us up
But they can?t break this bond
They----can?t----stop----Islam
They try to take us down
But our Deen is too strong
They----can?t----stop----Islam
Victory is promised
From Allah
They----can?t----stop----Islam
We'll keep coming back
Singing this song

Salahudin sacrificed everything
to bring back this Deen
at one time his own sister
was captured by the king

even tough he could have
he didn't do anything
he could have invaded
but no, he waited (silence for 2 seconds)

with one command
with one order
he could of sent the Muslim army
to cross the border

bring back his sister
to have the king slaughtered
but Salahudin had a plan
and his plan could not be altered

And
that plan
was to unite the Muslim lands
and
to put Al Quds
back in Muslim hands

takbir
Allahu Akbar
takbir
Allahu Akbar
takbir
Allahu Akbar

They----can?t----stop----Islam
They try to break us up
But they can?t break this bond
They----can?t----stop----Islam
They try to take us down
But our Deen is too strong
They----can?t----stop----Islam

Victory is promised
From Allah
They----can?t----stop----Islam
We?ll keep coming back
Singing this song

InshAllah we will rise up
Like Salahudin
Put Islam on the map
Like Khalid ibn Walid
Show the success of Islam
Like Haroon ur Rasheed
And protect our Muslim Deen
Like Sultan Abdul Hamid
