

Solex, Pick Up

Come on
You know
You're not
Like her

Got me on my knees
I'd never heard her say
Wished that I could stay
I'm like her maybe be be be be be be

But I
Love to
Catch up
With her

I want to oversleep
I'm in this way too deep
Wish that I could stay
I'm like her maybe be be be be be be

You can
Make some
Hay with
This kid

I'm in this way too deep
I'd never heard her say
That she's straight or gay
I love her maybe be be be be be be be
