

Solid Base, Ticket To Fly

You're my ticket to fly
You're my energy ride to the rhythm of love
You're my ticket to fly
You're my energy ride to the heaven above
You have your bottom and I have mine
We can find something together
I wanna know what you feel inside
How can I go on without you
It's in the rhythm you made to me
Nobody else will do. I gotta have you
I wanna hear you say
You're my ticket to fly
You're my energy ride to the rhythm of love
You're my ticket to fly
You're my energy ride to the heaven above
You're my ticket to fly
You're my energy ride to the rhythm of love
You're my ticket to fly
You're my energy ride to the heaven above
Hey girl, tell me what's the deal
Now I know just how I feel
Now loving you is my mission
When it comes to you I can have no competition
I come correct when I say
That I always treat you in the proper way
And girl you know you all
So now I know where my heart is at
It's in the rhythm you made to me
Nobody else will do. I gotta have you
You're my ticket to fly
You're my energy ride to the rhythm of love
You're my ticket to fly
You're my energy ride to the heaven above
You're my ticket to fly
You're my energy ride to the rhythm of love
You're my ticket to fly
You're my energy ride to the heaven above
You have your secrets and I have mine
We can hide always together
I wanna know when you feel all right
How can I stay here without you
It's in the rhythm you made to me
Nobody else will do. I gotta have you
You're my ticket to fly
You're my energy ride to the rhythm of love
You're my ticket to fly
You're my energy ride to the heaven above
You're my ticket to fly
You're my energy ride to the rhythm of love
You're my ticket to fly
You're my energy ride to the heaven above
