

# Solid Harmonie, I Want You To Want Me

CHORUS

I want you to want me  
For all that I am  
I hope that you will try to understand  
Do you feel the same  
Do you feel the same

I want you to want me  
For all that I am  
And I'll never leave you behind  
I want you to be by my side  
You're always on my mind  
Baby am I the only

We've got to stop this game  
Tell me do you feel the same

CHORUS

Now take a good look  
What you see is for real  
You know I've got nothing to hide  
The way that I am is the way  
that I feel for you now  
Baby am I the only

We've got to stop this game  
Tell me do you feel the same

CHORUS

Everybody knows that I need you  
There ain't nothin' in the world I wouldn't do  
tell me now  
am i the only baby

everybody knows that i need you  
there aint nothin in the world i wouldnt do  
Please understand this is what I am

do ya do ya baby
