

Solid Harmonie, The Right Way

Chorus:

Just do me the right way
'Cause love can make it right
Just love me your own way
'Cause I need you tonight

I just thought I'd mention
That I need something from you
I've got the full intention
And you know just what to do

Bridge:

I was lookin' for Heaven
Now I'm halfway there
And I don't wanna stop
So don't let it go to your head
Boy we all gotta let out steam
I've got got a fire that must be fed
And you're just what I need

Bridge

Chorus

Boy, you've got to keep on, just keep lovin' me (x3)

Just keep lovin' me the right way
