

# Solid Harmonie, To Love Once Again

Remember when we said goodbye  
To give each other time  
We said that we should live apart  
Only for a while  
Now it feels like it's all I waited for

Chorus

To love once again,  
I'd do anything,  
oh yeah  
But I know that we can  
make it last forever

I may be lost I may be blind  
but I am not a child  
I know that we can make it right  
if only for a while  
It's not that easy please believe me  
I don't wanna let you go

Chorus

To love once again,  
I'd do anything,  
oh yeah  
And I hope the time will come  
When we will find peace of mind

Now I'm waiting for a sign  
that leads me closer  
to love  
again

To love once again  
Chorus 2x

To love once again  
I'd do anything, oh yeah,  
And I hope the time will come,  
when we will find  
peace of mind
