

Solid Harmonie, To Love Once Again

Remember when we said goodbye
To give each other time
We said that we should live apart
Only for a while
Now it feels like it's all I waited for

Chorus

To love once again,
I'd do anything,
oh yeah
But I know that we can
make it last forever

I may be lost I may be blind
but I am not a child
I know that we can make it right
if only for a while
It's not that easy please believe me
I don't wanna let you go

Chorus

To love once again,
I'd do anything,
oh yeah
And I hope the time will come
When we will find peace of mind

Now I'm waiting for a sign
that leads me closer
to love
again

To love once again
Chorus 2x

To love once again
I'd do anything, oh yeah,
And I hope the time will come,
when we will find
peace of mind
