

Solid Harmonie, Walk Away

Walk away
Don't turn around
'Cause you may see me cry

I've never known a feeling so sure
You came my way and opened the door
I think of us and the love that we had
With half a chance I'd bring it all back

But I know
I know things always change
So I guess I gotta let you go

CHORUS

Walk away
Don't turn around 'cause you may see me cry
Walk away
Don't turn around don't even say goodbye
Don't turn around until you reach the other side

Lookin' back I have no regret
I tell my friends that you were the best
And as I stand just watching the rain
I pray that you were here once again

But I know
I know things always change
So I guess I gotta let you go

CHORUS

I know it's gonna be hard this way
'Cause I'll be missing you every day
Now I know you're leaving
And it's such a lonely feeling
But I know I've gotta let you go
I've gotta let you go

CHORUS repeat x3
