

Solid Harmony, I Want You To Want Me

I want you to want me
For all that I am
I hope that you will try to understand
Do you feel the same
Do you feel the same

I want you to want me
For all that I am
And I'll never leave you behind
I want you to be by my side
You're always on my mind
Baby am I the only

We've got to stop this game
Tell me do you feel the same

CHORUS

Now take a good look
What you see is for real
You know I've got nothing to hide
The way that I am is the way
that I feel for you now
Baby am I the only

We've got to stop this game
Tell me do you feel the same

CHORUS

Everybody knows that I need you
There ain't nothin' in the world
I wouldn't do
Please understand this is what I am

CHORUS
