

Solid Harmony, To Love Once Again

Remember when we said goodbye
To give each other time
We said that we should live apart
Only for a while
Now it feels like it's all I waited for

Chorus:

To love once again, I'd do
anything, oh yeah
But I know that we can make it
last forever

I may be lost
I may be blind but I am not a child
I know that we can make it
right if only for a while
It's not that easy please believe me
I don't wanna let you go

Chorus

To love once again I'd do
anything, oh yeah
And I hope the time will come,
when we will find peace of mind

Now I'm waiting for a sign that
leads me closer to love again
To love once again

Chorus (2x)

To love once again, I'd do
anything, oh yeah
And I hope the time will come,
when we will find peace of mind
