

# Soluna, Don't Want To Live My Life Without You

Here... We are...  
Going back to the start  
When I thought we've come so far  
And I.. I try...  
Tried to make you understand  
I've done everything I can

Every night I'm losing sleep  
Tell me if I'm in too deep  
I'm going... crazy  
I don't know what I should do  
To fight the risk of losing you  
Baby.. Ay yi!

Don't Want to live my life  
Without you  
Can't go another night  
Without you  
Don't Want to live my life  
Without your Love  
Without your love  
Without your love

There you go  
Hiding everything you feel  
Too blind to see what's real  
You.. Forgot...  
Everything I was to you  
The sun, the stars, the moon

I don't know what i've done wrong  
Tell me whats been going on  
Inside you... lately  
I just wanna do you right  
I cant go another night  
Baby... Ay yi!

Don't Want to Live my Life without you  
Can't go another night without you  
Don't Want to live my life without your Love

Without your love

Don't Want to Live my Life (dont want to live my life) without you  
Can't go another night (cant go another night) without you  
Don't Want to live my life (whoa ooohhh..) without your Love  
(without your love)  
Without your love

Dont want to live my life... without you  
Dont want to live my life... without you  
No, No, No  
Without you

Here... We are...  
Going back to the start  
When I thought we've come so far

Don't want to live my life without you  
Can't go another night without you  
Don't want to live my life without your Love  
(without your love) Without your love

Don't want to live my life without you  
Can't go another night without you  
Don't want to live my life without your Love  
(oohhh...) Without your love

Don't Want to Live
