

# SOMA, Venus girl

A falling star come to see the sunset  
Never far from a distant place  
Such a beauty, no one never felt the same  
Your beauty make me insane

Venus, she's ma little Venus girl  
Venus, she's ma little Venus girl  
Venus, you can by my world  
Venus, can you be my pearl?

In this world, miracles could happened  
Make a wish I can bring it on  
Such a beauty, no one never felt the same  
Your beauty come and make my day

Venus, she's ma little Venus girl  
Venus, she's ma little Venus girl  
Venus, you can by my world  
Venus, can you be my pearl?

Venus, she's ma little Venus girl  
Venus, she's ma little Venus girl  
Venus, you can by my world  
Venus, can you be my pearl?
