A falling star come to see the sunset Never far from a distant place Such a beauty, no one never felt the same Your beauty make me insane

Venus, she?s ma little Venus girl Venus, she?s ma little Venus girl Venus, you can by my world Venus, can you be my pearl?

In this world, miracles could happened Make a wish I can bring it on Such a beauty, no one never felt the same Your beauty come and make my day

Venus, she?s ma little Venus girl Venus, she?s ma little Venus girl Venus, you can by my world Venus, can you be my pearl?

Venus, she?s ma little Venus girl Venus, she?s ma little Venus girl Venus, you can by my world Venus, can you be my pearl?
