

Somersault, Every Moment

Every moment you smile
The earth stops moving for a while
A breath of silence covers me - tenderly

Every time you kiss my heart
All my sorrows drift apart
And all the demons fall asleep - fall asleep

Refrain:
This is my way
I've never dared to do
To say thank you to you
This is my way
To let you know
That I love you so

Every time I see you cry
I share the nature in your eyes
Holding what's special in your mind - special in your mind

Stuck in the grid of agony
We passed the valley, boundlessly
You brought me to the love in me - to the love in me
