

Something Corporate, Globes And Maps

Light breaks underneath
A heavy door
And I try to keep myself awake
Fall all around us on a hotel floor
And you think that you've made a mistake
And theres a pain in my stomach
From another sleepless binge
And I struggle to get myself up again
I want to hang onto something
That wont break away or fall apart
Like the pieces of my heart

And globes and maps are all around me now
I want to feel you breathe me
Globes and maps I see surround you here
Why wont you believe me?
Globes and maps they chartered your way back home
Do you want to leave or something?

Dreams came around you
In a hazy rain
You open your mouth wide to feel them fall
And I write a letter from a one-way train
But I dont think you'll read it at all

And globes and maps are all around me now
I want to feel you breathe me
Why won't you believe me
And globes and maps I see surround you here
Why won't you believe me?
Globes and maps they charter your way back home
Do you want to leave or something?

I can't take this anymore
I know that I can't take this anymore
I can't take this anymore
Cause I know someday I'll see you walk out that door

Globes and Maps are all around me now
I want to feel you breathe me
Globes and maps I see surround you here
Why won't you believe me?
Globes and maps they charter your way back home
Do you want to leave? Do you want to leave?
Globes and maps they charter your way back home
Do you want to leave or something?
