

# SOMI (□□□), What You Waiting For

Just tell me what you waiting for  
Baby i've been waiting for you all this time  
I am faded .... I am drunk and wasted

Tell me what you waiting for  
Baby you already know  
Just how i feel about you  
But why you got me doubtin' you  
Tell me who you waiting for

Just tell me what you waiting for  
Baby i've been waiting for you all this time  
I am faded .... I am drunk and wasted

Tell me what you waiting for  
Baby you already know  
Just how i feel about you  
But why you got me doubtin' you  
Tell me who you waiting for
