

# Son Of A Plumber, Come Back Tomorrow (And We Do It Again)

we keep a hideaway  
a holy place to go to  
oh put them on we love to move along  
we got them records  
i'm happy you could join too  
oh put them on we love to sing along  
all the good years  
you've saved inside a can  
are on the jukebox  
just around the bend  
and if you like it and you have another dime to spend  
come back tomorrow and we do it again

hey it's saturday night  
and i'm the lucky one  
oh put them on we love to move along  
we got them records  
hey baby, check that yellow one  
oh put it on we love to sing along  
i love your dress  
i'd love to be your friend  
jump in my car  
it's big enough for ten  
and if you like it and you have a little time to  
spend  
come back tomorrow and we do it again
