Son Volt, Medication

Living on medication
Don't wanna know what I've done
Place to place, on the run
Living on medication

Living on medication Wanted to slow the world down

Make a break concentrate on Different solution Realization waves of the soon to learn Walking oil spill

Living on medication Nothing can stop us now Headed for the stratosphere Living on medication

Destination set, engines on Drop a toe into the jetstream

Make a break concentrate on Different solution Realization waves of the soon to learn Pollution restitution
