

# Sonar Soul, Other Side (feat. Rosalie.)

please don't stop it  
i am got feeling  
on and on tonight  
on and on tonight

my heart stop beating  
and you will hear it  
on and on tonight  
on and on tonight

you should take my pride  
haah  
you took me down  
to the other side  
and you took my pride

I am giving you some closer  
I am giving you back  
I can give it to you on and on  
you think that you're smart enough for that  
but you shroud know  
that I just play real fast

I am giving you some closer  
I am giving you back  
are you give up  
what take you so long?  
I am giving you some closer  
I am giving you back  
just come and give it ti my head
